By KERR N. PETRIE.

A definite selection of both course and dates for their annual championship tournament was made yesterday by the members of the executive committee of the Women's Metropolitan Golf Association. Unwilling to pick at random and no run the risk of finding out later that their selection had been made at the cost of an overlap of tournament fixtures, the women have decided on the Connecticut State Golf Association to show its hand. Now, however, the linkswomen have found their way clear to act, and official announcement will be made at the annual meeting of the W. M. G. A. will be held over the links of the Greenwich Country Club during the week of June 14.

The Connecticut State Association also will select Greenwich for its championship now is unlikely; not because the women have decided on that course or taken the week which had been wanted for the Nutmeg State tourney. The reason is more likely to be found in the fact that with the women's metropolitan championship a certainty for the Greenwich links and the metropolitan open also concluded to be bound for the same spot, three title tournaments land running would be more than any self-respecting golf course could put up with.

While it looks very much as if the Connecticut State event is to be staged at Brookline Country Club, Bridgeport, there still was the possibility of a conflict of dates. Such a contingency, it is thought, is now extremely remote, and the chances are that the Connecticut meeting will be held the week after the women's competition, leaving the second week of June free and clear for the championship of the Metropolitan Golf Association which it is now thought will announce both dates and courses for its title events within a few days.

In their meeting yesterday the women also arranged the details of the annual team competition, selected dates for the matches and named the captains of the three sides which are to participate in the play. Mrs. Charles Russell of Arden will lead the Westchester team, Mrs. E. C. Koempel of Glen Ridge will be captain of that representing New Jersey, while the Long Island players will be in charge of Mrs. J. E. Davis of Piping Rock.

Select Team Captains.

According to present plans the first match will be decided on May 13, the second on May 19 and the third on May 26. Long Island and New Jersey will open the battle on some New Jersey course, then will come the match between Westchester and Long Island in Long Island and finally New Jersey against Westchester in the territory of the latter.

There will be fifteen players on each side in these matches and in addition each team will have several substitutes ready in case at the last minute some of the regular members are unable to play. The idea of the substitutes is a brand new one and, needless to say, the suggestion met with unanimous approval at the meeting, as it has been no uncommon thing in years gone by to have teams arrive for a match in their opponent's territory minus one or more of their players. This year the women expect to be able to complete their schedule without any such mishap, showing that it has been won by default.

How many players will be named in addition to the regular squad has not yet been decided, but in view of the determination of the women already to have the teams complete sufficient extra players will be named in every case. To insure this, as well as to make it interesting for those who may be unable to accompany their teams without ever seeing the match play side events are to be held for the benefit of the substitutes.

Besides the team matches and championships the women golfers of the metropolitan district are also to have the usual schedule of one day competitions. Already ten of these are in prospect and so heavy does the schedule seem even at this early date that the probability is that a start will have to be made as early as the first week of May. It will depend upon the state of the weather as to where the ball is set rolling, but the present moment the chances seem to favor Arden for the opening tourney.
